Freelance web developer with 15 years experience of professional software development, 10 of them involved with the internet. Available as contractor or on freelance basis, working on site in the Bristol area or from home.

CORE SKILLS

Database development
MySql
PHP 4.2 onward

CAREER HISTORY

Aug 1996 – Present. Freelance Web database programming, adding database functionality to Internet and Intranet sites. Clients include bodies within the education sector - JISC, HEA and Nottingham University. Advertising and media clients include EMO, Acme.co.uk, Foresight New Media, Citigate Marchcom, Sky Rock Ltd, Context Partners. Development work on sites for COI, Nat West Bank, Rolls Royce and BMW, HiPP Baby products among others.

Dec 1995 - Aug 1996. Design and development of Web services for Europe Online in West London. HTML, CGI and data formatting scripts, mostly in Perl.

Oct 1990 - Dec 1995. Design, development and maintenance of database applications with Ministry of Defence in London. You name it, it's classified, but generally related to analysis of trends within sets of data.

EXPERIENCE

Design and build of Content Management Systems (CMS), online catalogues etc. Defining client requirements, producing design specs, liaising with client where appropriate, producing user guides. Migrating sites between software versions and between different server OS's.

Previous experience in Perl v4,5; Oracle v5,6 and 7, C, Ingres, ICL Unix shell, FMLI and COBOL.

EDUCATION & TRAINING

2011 MA Music (merit) Bristol University
